

## How to connect results to projects in Cristin

If you have a project in Cristin and have registered results based on this project, you must connect these together. That way you can see which projects and results are connected and vice versa. Here is a step-by-step guide, after project and results have been registered:

Go to the result you want to connect to the project:

### RESULTS

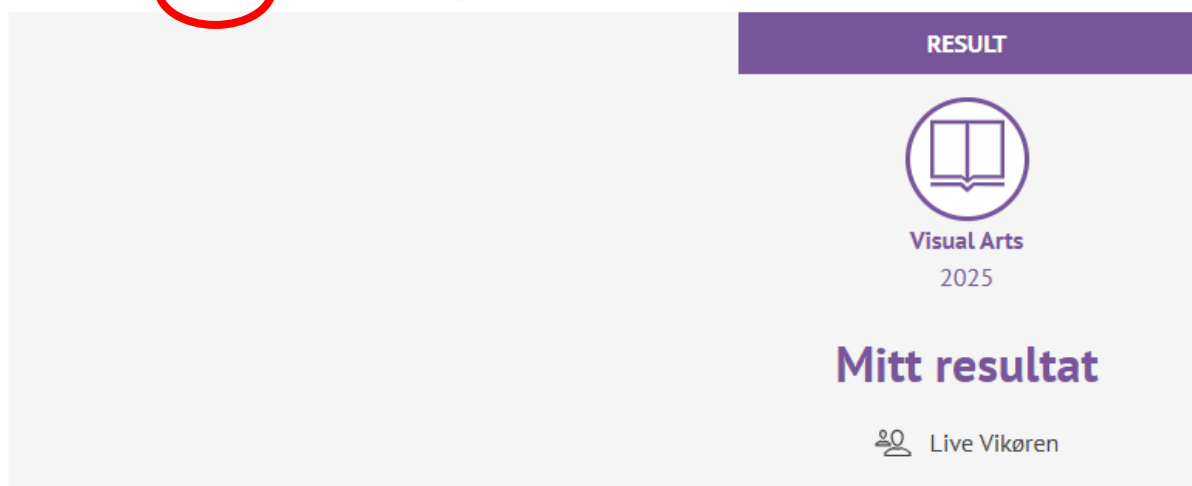

**Mitt resultat.**  
Vikøren, Live. 2025, KHIO  
Visual Arts

Copy the **Cristin result ID**:

Cristin result ID **2366598**

Registered by: [Eva Live Vikøren, KHIO](#)

Last modified: March 14, .

**RESULT**

  
Visual Arts  
2025

**Mitt resultat**

 Live Vikøren

Go to your projects at the bottom of your Cistin profile page (scroll past the results):

## RELATED PROJECTS

**Mitt forskningsprosjekt**  
Live Vikøren  
Oslo National Academy of the Arts  
1 result  
**Active project**

Click on the project. Go to the yellow line almost at the top of the page and press “**Edit this page**”:

You are in read-only mode. **Edit this page.**

Cristin project ID: 2739621

Re

You will now see the menu below. Click on “**Publications and results**”:

- ▼ Overview
- ▼ Participants
- ▼ Description
- ▼ Categories and keywords
- ▼ Related projects
- ▼ **Publications and results**

You are now here; press “+ Add...”:

Publications and results

The project has no publications or results. ?

+ ADD...

SAVE

The field below will show up. Paste in the **Cristin publication-ID** from the result you want to connect to your project and press “**Search**”. You can also search for title and author, but we recommend copying and pasting the result-ID since this works faster and you avoid choosing the wrong result:

Find publications and results x

Title

Author

Search for author

Year

Cristin publication-ID

2366598

CLEAR SEARCH

You result will now appear. Press “+ **SELECT**” and then “**OK**”:

## Add publications and results ×

[Modify search](#)

1 results for "2366598"

**Vikøren, Live** Mitt resultat.

Cristin publication-ID: 2366598 | Institution: KHIO

+ SELECT
